

CHRONIC COUGH?
CHRONIC THROAT CLEARING?
CHRONIC HOARSENESS?

These are common symptoms of laryngopharyngeal reflux (LPR).
Is reflux a factor?

a simple test

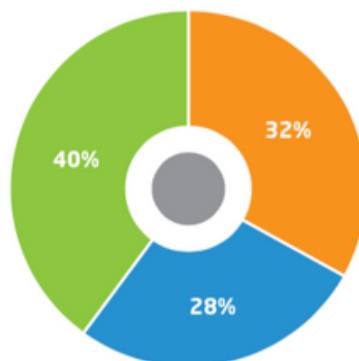

COMFORTABLE TEST. ACCURATE RESULTS.

The only minimally invasive pH testing system for use in the oropharynx, revealing reflux-related etiology of presenting symptoms.

Empiric trial or evidence based diagnosis?

Restech's simple test was designed specifically for the airway. The pH probe is placed in your office in a matter of minutes. Eliminate the guesswork. Properly evaluate reflux activity to best direct treatment.

- **RESPONDERS**
pH normalization
Symptom normalization
- **PARTIAL RESPONDERS**
No pH normalization
Symptom normalization
- **NON-RESPONDERS**
No pH normalization
No symptom normalization

DEFINITIVE DIAGNOSIS

Avoid unnecessary exposure to medication. Highly accurate pH sensor technology monitors reflux activity to aid in your diagnosis.

TARGETED TREATMENT

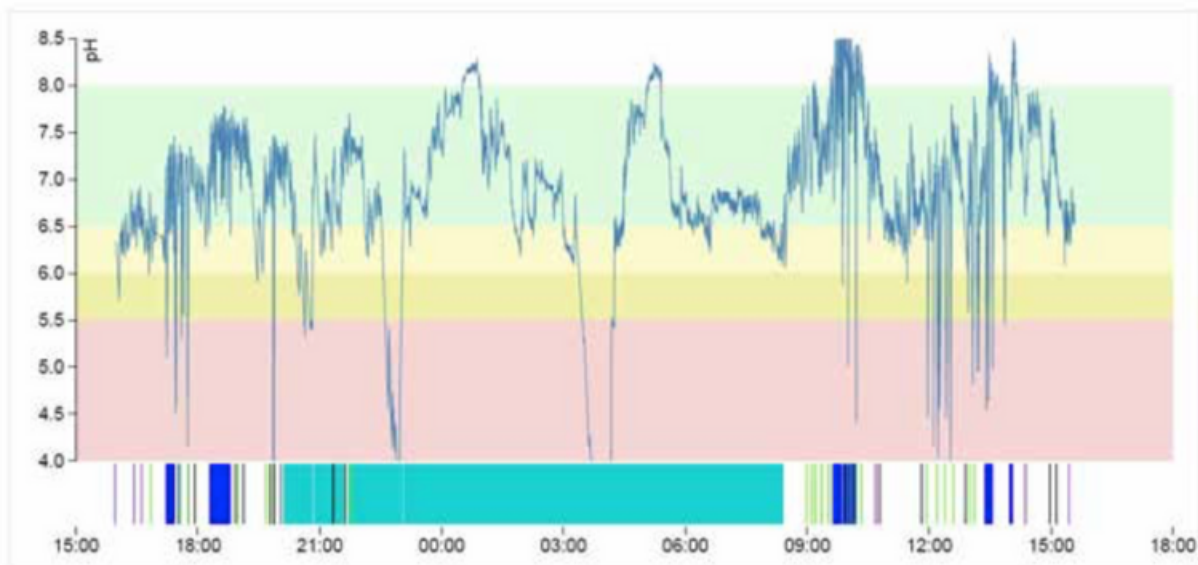

Utilize the Restech Report to establish an evidence-based treatment plan. Conduct follow-up testing to monitor treatment efficacy.

CONTROL COSTS

Established CPT code reimbursed by Medicare and all major insurers. No pre-authorization required.

Sophisticated engineering behind the scenes, simplicity at your fingertips.

- 1 Simple set up with a 15 second calibration.
- 2 Simple visual probe placement eliminates the need for anesthesia or other complicated procedures.
- 3 Patient wears the probe for the duration of the study, performing normal activities of daily life.
- 4 Detailed, dependable results help you design appropriate, targeted treatment.

Restech Dx-pH Measurement System

Product Name	Product Code	Product Description
Dx-Probe (20)	DX-201-20	Dx-Probe (20)
Dx-pH Probe Long (20)	DX-201L-20	Dx-pH Probe Long (20)
Dx-pH Measurement System	DX-1000	Dx-pH Measurement System
Dx-Transmitter Carrying Case (5pk)	DX-030	Dx-Transmitter Carrying Case (5pk)
Dx-pH Calibration Vials (20 sets of 3)	DX-020 Dx-pH	Calibration Vials (20 sets of 3)
Dx-Recorder Carrying Case (each)	DX-050	Dx-Recorder Carrying Case (each)
Dx-Sleep Adapter	DX-300	Dx-Sleep Adapter
Primus Probe (20)	DX-201P-20	Primus Probe (20)
SD-Memory Card (each)	DX-064	SD-Memory Card (each)
